CHARMHAVEN WINS WITH \$28,000 LOCAL PARK UPGRADE

The Liberal Government is delivering important local infrastructure with the Charmhaven Park upgrade, encouraging active and healthy lifestyles.

Senator the Hon. Arthur Sinodinos AO said the milestone marked an important day for the Dobell community.

“It’s great to see the progression of this important local project,” Senator Sinodinos said.

“The Liberal Government promised the upgrade of Charmhaven Park for Dobell and we are delivering.

“The project will upgrade the existing play space in Charmhaven Park including replacing the climbing unit, and installing freestanding play equipment, soft fall mulch, and park furniture.

“This project will create a fun and safe space for local families to enjoy outdoor activities.

“The Liberal Government invests in local projects to strengthen families and communities.

While the Coalition is investing in the project, the Central Coast Council will be managing the delivery.
