Dobell wins with Ourimbah Oval Parking Upgrade

The Liberal Government is delivering important local infrastructure by upgrading parking at the Ourimbah Oval sportsground, making it easier for residents to access sporting activities.

Senator the Hon. Arthur Sinodinos AO said the signing of the \$75,000 contract to deliver the project was an important day for the Dobell community.

“It’s great to see the progression of this important local project,” Senator Sinodinos said.

“The Liberal Government promised to upgrade parking at Ourimbah Oval and we are delivering.

“This project will make it easier for local families and residents to access the sportsgrounds, encouraging outdoor activities.

“The Liberal Government invests in local projects to strengthen families and communities.

While the Coalition is investing in the project, the project’s proponent will be managing the delivery.
